

HIRE EQUIPMENT ORDER FORM

Welcome to FILTON's new hire equipment order form. To simplify the selection of equipment and booking for your event we have produced two ordering options: - Firstly, there are the Complete Event Packages. These consist of all the elements to cool, rack, display and dispense your cask ales. All you need to decide is what size package you require and for how many serving days. The second option allows you to select the individual components of your hire (say if you require cooling and not racking). Equipment is available to hire for a minimum of two serving days. If you require a greater amount of equipment than shown or for more serving days, please call and we will be happy to provide a quotation.

PLEASE NOTE: OUR PRICES ARE SET AT A MINIMUM OF TWO SERVING DAYS
